## Background

**Gascot Construction, LLC** is a Disadvantaged Business Enterprise & Limited Liability Company founded November 10, 2017 in the State of Louisiana with the purpose of providing General Contracting Services specializing in the Heavy Civil Construction Industry around the Gulf Coast **Region** and Southeastern **United States**. Gascot Construction has **extensive experience** facilitating **projects** with **various** government agencies, subcontractors and other firms to complete projects **on time, within budget, and** to the satisfaction of our customers. Our experience provides us with the knowledge necessary to conduct operations efficiently, safely and in compliance with all federal, state and local regulations, ensuring exceptional value in the services that we provide. Our experienced staff of engineers, project managers, supervisors, OH & S, environmental advisors, **and skilled technical professionals** are capable of any sized infrastructure project in the Heavy Civil Construction Industry. Gascot Construction believes in a family atmosphere for our employees that will **stimulate** quality professionals. Through customer referrals and quality services, our company **will** continue to grow. It is the understanding of all individuals **within** our company that dedication to quality, rather than quantity will **dictate** our growth potential. We will demonstrate that we are the professionals who represent outstanding service and dedication. Gascot Construction will set the "**bar**" with every task to be deemed "preferred" when it comes to the next contracting decision.

## Differentiators

- Self-performance capabilities
- General construction services
- OSHA 10, 30 & 510 certified staff
